Rajani Busani

Web Developer

Self-driven and dedicated Frontend Developer with 2 years of experience creating responsive and scalable web applications using modern technologies such as React, Vue.js, and TypeScript. Adept at bridging the gap between design and development by transforming wireframes into seamless, user-friendly interfaces. Experienced in collaborating with diverse teams to deliver high-quality solutions that meet business objectives. Passionate about problem-solving, writing clean code, and staying updated with the latest industry trends to drive innovation and performance.
